## D. The Campuses and the Extended Learning Institute

- Alexandria Campus

The Alexandria Campus is located in Alexandria and primarily serves the residents of the City of Alexandria, Arlington County, Falls Church and eastern Fairfax County. The Campus grew from one building constructed on a 22.5 acre site in 1969 to three buildings on 51.4 acres in 1980. Additions to the original Bisdorf Building and the Engineering/Automotive Technology Building were opened in 1980. In that year, the John Tyler School was also purchased from the City of Alexandria and incorporated as part of the campus. The Alexandria Campus also maintains classrooms in leased facilities at off-campus locations. The Rachel M. Schlesinger Concert Hall and Arts Center was completed in 2001. In Fall 2006, under the auspices of the Alexandria Campus, the Arlington Center opened for classes.

- Annandale Campus

The Annandale Campus is located in central Fairfax County and primarily serves the residents of the County. This campus began as one building constructed in 1967 on a 78 acre site. In 1969, three buildings were erected and the TV/Technical Building followed in 1970. The Nursing Building was completed in 1972. The Brault Building, which houses college staff, was completed in 1984. The Richard J. Ernst Community Cultural Center, which serves the College and the community, was completed in 1990. The McDiarmid Building was completed in 1997. In Spring 2006, work was completed on a six-level, 825-space parking garage for faculty, staff, students, and visitors. The Annandale Campus also provides off-campus instruction at various locations.

- Loudoun Campus

The Loudoun Campus is located in Sterling and primarily serves the residents of northern Fairfax County and Loudoun County. Construction began on a 91.4 acre site in 1972 and was completed in 1974 with four permanent buildings and the temporary Interior Design Building and greenhouse/laboratories. The Loudoun Campus also maintains classrooms in leased off-campus facilities. In Spring 2006, under the auspices of the Loudoun Campus, the Reston Center opened for classes.

- Manassas Campus

The Manassas Campus is located in western Prince William County on a 100 acre site next to the Manassas National Battlefield. The campus primarily serves the residents of western Prince William and Fairfax counties and the cities of Manassas and Manassas Park. Specialized credit programs offered only at Manassas Campus include a Carpentry Apprenticeship Certificate in conjunction with the Industry-Education Alliance and Northern Virginia Builders' Association, and Welding certificates. In 1999, the Mary Louise Jackson Amphitheater was opened.

- Medical Education Campus

The Medical Education Campus (MEC) opened in the Fall of 2003 in Springfield, Virginia. The MEC is a collaborative effort between NOVA, George Mason University, Virginia Commonwealth University, and regional secondary school systems. High school juniors and seniors are a part of the campus. NOVA offers associate degree/certificate programs in a number of health care disciplines. George Mason offers both bachelors and masters degrees for health care professionals, and Virginia Commonwealth University offers bachelors, masters, doctoral, and post-doctoral degrees for health care professionals.

- Woodbridge Campus  
The Woodbridge Campus is located in eastern Prince William County and primarily serves the residents of the county. Classes were offered in temporary, community facilities from 1972 through 1975. Campus construction began in 1974 on a 109 acre site. A four-story building was completed by 1975; Phase II of this building was completed in 1990. The campus has also added the Heating, Ventilation and Air Conditioning buildings, and several temporary facilities. The Woodbridge Campus provides off-campus instruction at several locations including area high schools and the Quantico and Fort Belvoir military bases.
- Extended Learning Institute  
The Extended Learning Institute (ELI) developed its first distance education courses in January 1975, and now offers over 175 courses taught by approximately eighty NOVA faculty. ELI credits transfer to other colleges the same as credits of any other NOVA course. Course offerings are designed to provide learning opportunities to those who may not be able to take advantage of the more traditional classroom-based courses. ELI students use television, video, computer conferencing, voice mail, and printed materials that are chiefly self-instructional. ELI instructors are usually available by phone several days each week and keep regular office hours. ELI students may take all, or some, of their courses toward an associate degree in Audio Visual Technology, Business Administration, Business Management, General Studies, Information Systems Technology, and Liberal Arts.

## F. Student Type

First-time students are those attending college for the first time; transfer students are those who attended another college prior to coming to NOVA for the first time, regardless of whether they transferred credits.

Over the period Fall 2003 through Fall 2007, the percentage of first-time students increased from 16 percent to 25 percent. In contrast, the percentage of returning/reapplying students decreased from 74 percent in Fall 2003 to 68 percent in Fall 2007. Further, the percentage of transfer students decreased from 10 percent to 7 percent over the same period.

#### IV. Results of NOVA Graduate Survey

Prior to 2004, the College surveyed its graduates biennially. As of 2004, the College surveys its graduates annually. The survey seeks information on the graduates' current education and employment. It also gives the graduates an opportunity to rate the quality of their educational experiences at NOVA in terms of instruction, faculty, services, and facilities.

Table 2.7 presents the number of survey responses (2002-2006), the graduates' education and employment status, and their median salary information. A full report on the graduate survey results is published annually by OIR.
